## Experiența de munca

6 ani și 9 luni

martie 2020 - până în prezent  
4 ani și 1 luna

### React Front-end developer

**US Software Solutions**  
(Chișinău), IT, Internet

Actively participated in an agile software development environment utilizing the Scrum process.

Architected and developed a web application in React TypeScript, streamlining new hire cable technicians' resource configurations and allocations, reducing setup time by 98%, and significantly minimizing human error.

Engineered a CRM using React, TypeScript, MobX, and Java for the back-end. Improved application performance by 15% through optimizing React components and reducing re-rendering.

Mentored two developers since 2021, honing skills in leading projects from inception to completion as the primary Front-end developer.
