О себе

I am a skilled Front-End developer with over 2 years of experience in crafting responsive and dynamic web applications. My expertise lies in harnessing the power of JavaScript to bring web projects to life, and I'm proficient in using cutting-edge frameworks like React and jQuery as well as vanilla JavaScript to deliver outstanding user experiences.

In addition to my Front-End skills, I have also ventured into Full-Stack development, showcasing my passion for creating digital solutions. I've engineered Back-End applications using Node.js and Express.js, complementing my Front-End proficiency and allowing me to manage entire projects.

With a proven track record of successful projects and a dedication to staying at the forefront of web development trends, I'm excited to bring my expertise to your team. Let's work together to turn your web development goals into stunning, functional realities
